

## Web-based Section 504 Software

Easy access from home, school and anywhere else your computer or mobile device connects to the Internet.

The e-504 PRO Section 504 System, developed by MediaNet Solutions, Inc., is a web software solution containing a comprehensive set of data-driven, fully integrated modules and forms designed to help students who have an impairment achieve success in the classroom.

### Section 504 Forms Included

- Evaluation Referral
- Parent Notice of Evaluation (PWN equivalent)
- Parent Invitation: 504 Eligibility Meeting
- Eligibility Determination Report
- Eligibility or Non-Eligibility Determination Form
- Student Accommodation Plan
- Manifestation Determination

### Software Modules Included

- Student Profiles (demographic data)
- Conference Summaries
- Meeting Notices
- Support Documentation (attached files)
- Reports
- Administrator Features

### Key Benefits and Features

- All 504 student data managed in a central location.
- Allows all stakeholders quick and easy access to 504 student Accommodation Plans and more.
- Notification of due dates, such as meetings and Accommodation Plan review due dates.
- Provides for documenting assessment data and eligibility determination for each 504 student.
- Document Locking feature allowing 504 teams to lock down documents to protect data integrity.
- Integrated training videos and software support section available to all users 24/7.

“ MediaNet Solutions has been responsive to our school district’s needs at every level. Whether a change in the structure of a form or a request for procedure and structure, the software developers have been quick to help us find a solution. It has been a pleasure to work with the software company in a partnership to serve children and teachers. ”

John Utne  
Nogales Unified School District  
Special Education Director
